### The Sylvia Dress in All its Splendor...

Hi!

Finally, a modern *little black dress* to die for, one that is perfect in every way. Being die-hard fans of dresses that are *aptly* named, we've recently happened upon the **Sylvia Dress** and are now mesmerized by all its splendor.

The **1960's** style, filled silhouette dress, with asymmetrical off the shoulder neckline is the softest thing this side of heaven. To feel it is to **LOVE** it--so very buttery smooth to the touch. Made of of an organic silk/modal blend this little stunner is part of an eye-catching **Spring/ Summer 09 Signature Collection by Designer Christine Marchuska**.\*\*\*

A standout, the **Sylvia dress** is part of a collection comprised of *versatile* knit basics. Our fashion find is made from the finest organic/recycled material, and in this current market of eco-friendliness, we are thrilled to have found such chic sustainable clothing. As taken as we are with **Sylvia**, it's only fitting (no pun intended) to mention that she has a few sisters--the **Anna Dress**, the **Lindsey Dress**, and once called **M Series T**. All, except for **Lindsey**, are silhouette dresses--nearly as sexy as **Sylvia**. Care to see for yourself? **CMarchuska's** line is currently being sold in the **eco-boutique Kaight--NYC** as well as online. If you are able to take a peek, and why wouldn't you be? Do take a further look at **Sylvia**--in all its **SPLENDOR**...
