cmarchuska Review

cmarchuska, makers of organic clothing for women and men, have created clothing that is not only eco-friendly but fashionable as well. Going Green has never felt more comfortable!

An excerpt from the **cmarchuska** website:

Why cmarchuska clothing and Marchuska tees?

cmarchuska clothing and Marchuska tees redefine comfort, fit and fashion: most eco-friendly clothing is good for the earth, but is lacking in style and cut. high fashion clothing is usually made with fabrics that are processed with excessive amounts of waste.

the few lines that incorporate high fashion with sustainable fabrics are excessively overpriced. cmarchuska clothing and Marchuska tees are the answer by bringing together high fashion and sustainable high quality fabrics at an affordable price.

MINI POPS

I was sent the **Hunter Scarf** to review. The package arrived while I was not home, and my husband, without reading the mailing label, assumed it was something he ordered. So, he opened it. When I returned home, I say that the package appeared to be opened and then re-taped. Hmmm....

I asked my dear husband if he opened the package, and unable to lie, admitted he did. I asked why he re-taped it, he said, "I didn't want to upset you that I saw one of my Christmas presents."

What?

When I explained that I was reviewing the **Hunter Scarf** on my blog for **cmarchuska**, and that the scarf was mine, he was a bit disappointed. One touch of that silky material around my neck and I understood why.

*The **Hunter Scarf** is the perfect accessory for the stylish and socially conscious individual. Super soft, long unisex scarf made of an organic blend of modal and silk. Made with care in New York's Garment District, USA. Part of the **cmarchuska** Signature Collection.*

The **Hunter Scarf** is the perfect accessory for any woman or man. The length is perfect for wrapping the scarf loosely around my neck, and I love that the lightweight material doesn't add bulk- just style.

The **Hunter Scarf** is available for purchase (\$50) from the **cmarchuska** website. Purchase one for someone special as a Valentine's Day gift, or treat yourself to this eco-friendly, fashionable scarf. You will not be disappointed.
